

"The tour is more than textiles. The exploration of everyday life of the welcoming rural ethnic groups, combined with the different city encounters creates a rich fabric of Chinese life not to be missed"

KO'R Textile teacher's husband

The South West China Textile tour was for the textile/fibre enthusiast a great experience. The diversity in culture and the resulting artefacts was a feast to behold. Under the expert and flexible leadership of Gabriella V. and guides the most diverse places were visited and new experiences created. I would not mind doing the first part of that tour again.

Lidia G., Central Queensland.

Gabriella has fantastic people skills, knowledge and sense of humour. She made the tour informative and an enjoyable experience. M, Melbourne

As one of my fellow travellers said, this could be called a 'Gourmet Textile Tour!' Marylyn, Victoria

'The accommodation was so good. I expected much lower from brochures and bought far too much gear. Didn't need much at all'

'Gabriella is so calm and reassuring' Judy, QLD
